

# Self Serve Heated Merchandiser

## Island Zone 6

*The large capacity 6 foot Island Zone is ideal for merchandising pre-packaged hot foods and increasing impulse sales in the deli or anywhere else in the store.*

### Features

**Easy to use controls :** One on/off switch activates the heat and the lights.

**Surface mounted temperature strips :** Confirm when the unit is warmed up and ready to safely accept food.

**Unique zone technology :** Thermostats in 24 independently controlled zones automatically adjust heat to ensure food temperature is consistently maintained above the food safety danger zone without overcooking or operator intervention.

**Large capacity :** Over 23 square feet of heated shelf space. Easily accommodates up to 40 whole chickens in domes without stacking.

**Superior illumination :** Teflon coated incandescent bulbs illuminate food and backlight attractive, visible, easy to change signage.

**All stainless steel construction** of the holding cavity makes for easy cleaning.

**Bumpers :** Durable black or red bumpers protect merchandiser.

**Heat shield :** Lexan heat shield/product stop on top shelf for safe operation.

**Product stops** Attractive smoked acrylic product stops on the lower level.

**Warranty :** 2 year parts and labor.

### Options

- Custom colored bumpers
- Custom colored or stainless steel base
- Casters
- Custom back lit signs
