

We don't crack
under pressure.

The Leland Vacuum Tumbler

No more rough-and-tumble. Leland Southwest's Vacuum Tumblers are USDA-approved and give you smooth, reliable performance with a tumbling drum guaranteed not to crack under vacuum use. Other features include reversible, variable speed control and a bigger door for easier unloading, plus the drum is built higher so you can unload product directly into a meat truck. Constructed in polished 304 stainless steel, Leland Vacuum Tumblers are designed for 375 pound to 1,200 pound batch sizes. For a more tender, higher yield in less time, leave it to Leland Southwest. Call (817) 232-4482.
