

DIVIDER 660: The flexible solution for the ready-cut market

Technical data:

Max. cut-off length (mm/inch)	0.5–25; 1/50"–1"
Housing dimensions (mm/inch)	
Length of slicer	1,900; 74 4/5"
Width	960; 37 4/5"
Transport height	1,900; 74 4/5"
Set-up height	2,200; 86 3/5"
Weight (kg/lb)	approx. 620; 1367
Max. stacking height (mm/inch)	100; 3 9/10"
Up to 50 storable slicing programs	✓
Slicing statistics (operating data recording) on request	
Pneumatic product holder	✓
Manual product holder	on request
Product specific product holder	on request
Check-weigher	on request
Sorting conveyor, side belt	on request
Flip-Flop conveyor, Smart tray feeder	on request

The benefits for you at a glance:

- Type of product presentation can be selected by pressing a button (e. g. stacking, shaving, staggered stacking)
- Flexibility thanks to the broad infeed chamber: e.g. 3-row cutting of 100 mm/ 3 9/10" calibre products possible
- Versatile use thanks to diverse combining options from starter solutions up to a fully automated tray feeder line
- Special application: wider chamber for calibre up to 220 mm/ 8 3/5" for e.g. italian mortadella
- Special solution: Circular blade
- Touchscreen with intuitive menu navigation and innovative software with 4-level user authorisations
- Online remote maintenance possible (network capability)
