The DP-3000 features a stainless steel modular design that gives users the freedom to set up a system according to customer needs. The DP-3000 provides the versatility to meet stringent space or work flow requirements.

The DP-3000 also includes flexible label formatting for printing logos, recipes, POP, or other messages.

For complete data management, the DP-3000 produces various reports that assist in store operation. It also features network compatibility with the AC-3000 family for quick and easy updates.

(DP-3000B with optional tabletop stand)
