- Heavy Duty Swivel Casters with Brakes on the Front
- Hot Gas Condensate Vaporization
- Large Surface Area Evaporator and High Velocity Fan
- CFC Free R134A Refrigerant

The VBC-35 is ideal for foodservice operations which require a small volume blast chiller. This model is capable of chilling 35 lbs. of food product to 38°F in approximately 90 minutes.

At the end of the blast chill cycle the cabinet automatically defrosts and reverts to a +38°F storage mode.

The comprehensive control panel features built-in alarms and can control the chilling process with the food core temperature probe or the digital timer.
